Borough Fire Matters.

The borough of Glen Ridge is to have an improved fire department. The Fire Committee of the Council has recommended an increased fire appropriation. The Fire Committee says, in connection with its recommendation, that "during the past year our record since the formation of the borough of immunity from large loss by fire has been broken, and the department has been severely taxed in its resources in several notable instances.

"The heavy loss entailed by the recent destruction by fire of the residence of Mr. White, on Ridgewood Avenue, under exceptional circumstances of extreme severe winter weather, has with other experiences, like the fire at Mrs. Zella's on Lincoln street, and at Mr. Gallagher's on Ridgewood Avenue, emphasized the necessity of improving the equipment of our fire department. Our equipment to-day is the same as it was at the formation of the borough, nine years ago, and it is evident now that the time has come with the increase of houses and population, that some changes must be made.

"The Council, in conjunction with committees from the fire department itself, have given the subject a good deal of consideration, and various recommendations and plans for the betterment of the fire service have been discussed. It is the desire of the Council to do all that is necessary to place the department on its proper footing at the earliest possible moment, and at the same time add as little as possible to the burdens of the community by taxation.

"It seems to be essential that a better method of getting the apparatus promptly to fires than the present custom of hauling it by hand be adopted. This change, together with various other additions that seem necessary to improve at once the efficiency of the department, such as improvements in giving the alarm by whistle and additional fire alarm boxes, involves the expenditure of a considerable amount above what has been customary in previous years.

"The formation of the Grex Salvage Corps has made a valuable and important addition to the department. By the efforts of the company itself, aided by the generosity of citizens, funds have been raised by private subscription to equip this corps with a wagon and chemical apparatus. The organization is now a part of the department, and will without doubt be able to attend promptly to that part of fire duty which is so important in the early stages of a fire, where chemicals can be used.

"The committee is of the opinion that a special appropriation should be made for perhaps several successive years, in order to bring the department up to all that is desirable in the way of new apparatus, but under the present conditions we feel that if the really essential things are provided for now, it is all that should be attempted at present.

"We therefore recommend a special appropriation of \$1,000 for new equipment, in addition to the usual appropriation of \$1,000 for maintenance."

Borough Finances.
The total assets of the borough of Glen Ridge as given in the annual report are \$253,075.31, and the borough liabilities \$240,413.18, showing a balance to the credit side of \$12,662.13.

The assets consist of bonds of tax levy account, assessments due, unpaid taxes, and park property. The liabilities are represented by bonds issued for various purposes and bills payable.

The bonded indebtedness is \$162,000, a reduction of \$7,000 during the year. The amount of appropriations made for the fiscal year just closed was \$27,120, and the amount expended in the various departments for which appropriations were made was \$27,093.44. Other revenues of the borough for the year amounted to \$4,801.25, and the surplus to the borough at the close of the year was \$1,541.27.

The tax collector's statement for the year exclusive of unpaid taxes previous to 1903 was as follows:

Amount of Tax Duplicate for 1902	\$55,000.76
Interest collected	7.61
Discounts allowed	8.39
Paid County Tax, 1902	13,200.48
Paid School Tax, 1902	14,090.00
Paid Borough Account	11,228.78
Uncollected Tax for 1902	16,102.94
	\$55,008.37

The Rudd Estate.

The inventory of the personal estate of Robert S. Rudd, former Mayor of Glen Ridge, who died last December, was filed in the Surrogate's office Thursday by the appraisers, Langdon Greenwood and Henry Silverman of New York. They were appointed by Thomas G. Wood, John Hutton and Edward P. Mitchell, the executors of the estate, which, according to their figures, has a total personal holding valued at \$303,739. Of this the value of bonds owned is placed at \$110,685 and the stocks are appraised at about \$100,000. The value of the remainder of the personal estate is made up of household furniture, farm implements and other articles of value, both in the homestead in Glen Ridge and in the office, in 35 Nassau street, New York.

Outdoing Expectations.

We are always glad to print in the CITIZEN a story about a remarkable success achieved by advertising, and especially so when the article advertised is one of superior merit.

Not so very long ago W. W. Kayler, one of Bloomfield's most enterprising druggists, succeeded in getting the Dr. Howard Co. to allow him to sell their Specific for the cure of constipation and dyspepsia at half price, as an introductory offer.

The results of this advertising have been phenomenal, and there has been hardly a week without W. W. Kayler being obliged to order fresh supplies.

Such was his confidence in the remedy that he personally guaranteed every package of the Specific that he sold, and agreed to refund the money if it did not cure. His faith was well founded, for out of the hundreds of packages he has sold, only one has been returned.

W. W. Kayler in commenting upon the great success that followed the adoption of his suggestion, not only in Bloomfield, but in other places, showed the CITIZEN a letter from D. F. Davis, of Barre, one of the best known druggists in Vermont. Mr. Davis wrote: "The success of Dr. Howard's Specific in our city is wonderful. I received my first consignment the last of July, and since then have sold hundreds of packages, and cannot get it fast enough to keep my customers supplied. I have not had a single bottle returned, although I have guaranteed every one, and have heard nothing but praise of its merits. This is a record unsurpassed by any remedy that I have sold in the twenty-five years I have been in the drug business."—Advt.

Franchise Illegal.

The Court of Errors and Appeals on Monday held to be illegal the franchise granted to the North Jersey Street Railway Company by the Council of East Orange to operate a double track on Central Avenue. By a vote of 10 to 4 the court reversed the judgment of the Supreme Court, which sustained the franchise.

The Court of Errors decided the case solely upon the point that Bishop John J. O'Donnor had no power to sign consents for 969 feet of property belonging to the Cemetery of the Holy Sepulchre and without which there were not the required number of linesal feet represented in the consents obtained from owners of abutting property.

Chancellor Magie, who wrote the opinion, read a few extracts therefrom, the burden of which was to show that when the consents were secured the property in question was held in trust for the Catholics of the diocese. Bishop O'Donnor, the Chancellor said, was not at that time either the owner of the property nor its trustee, nor did he have any right as Bishop of the diocese to sign the consent.

The court holds that the property was then held by three trustees of the church, the title being vested in them as joint owners. Taking this view of the case the Court of Errors finds it unnecessary to pass upon the other points raised by the prosecutors in the Supreme Court.

The legality of the franchise was attacked in two suits instituted respectively by Benjamin Shepard and another, and Joel E. F. Freeman and another, though many citizens of East Orange, and particularly property-owners along Central Avenue were behind them.

Acres of Spring Furniture and Carpets at Ames H. Van Horn's (lim).

Spring's best furniture and carpets at Ames H. Van Horn's (lim)'s house, 73 Market street, Newark, are brim full of interest to every home-body. There seems to be an unusually vast variety this season in patterns and ideas, yet this aggressive house appears to have captured them all; and when it is remembered that acres of floor space are needed for samples alone, one realizes in a way how easy it is for the Van Horn people to satisfy every conceivable taste. The long-standing reputation of the Van Horn house as leaders in low prices and easy terms is certainly well earned, and judging from the patronage they enjoy, it is a big factor in the success of their business.—Success to such an enterprise.—Advt.
